The Great Popular Medicine Of the day---Vast amount used permonth---The numerous and Wonderful Cures it effects--- Its Magical Effect upon Bilious Fevers, and Fever and Agne--- Great Excitement among the

Doctors! THE INDIAN QUEEN VEGETABLE SUGAR COATED PILLS are now admitted, on all hands, to be the most extraordinary and valuable medicine in general use. It not only acts as a specific upon Bilious and Typhus Fevers, Chills and Fever, and Fever and Ague of the west and south, but in all diseases of debility, weak stomach, indigestion, loss of appetite, impurity of the blood, and all diseases prevalent in a western and outhern climate. Their great power consists in their peculiar effect upon all the organs of the system, and the rapid formation of new and rich blood, which they produce. In this lies the great secret of their success. They are mild and pleasant in their action, but searching and permanent in their effect; penetrating the remotest recesses of the system by their ready absorption into the blood, thereby infusing a new supply of vitality and nersous power into all the machinery of life. The extensive popularity they have acquired allover the west and south, ensures sales of at least 50,609 Boxes per Month,

And we find it difficult, with our large force of hones, and the late improvements in machinery which we have adopted, to manufacture them last enough to supply the demand in thicken western and southern States! One large manufactory is constantly engaged in preparing the various concentrated extracts of which they are composed. From the best information we can obtain from our 8,000 seiling agents, and hosts of attentive correspondents in all parts of the country, our medicine cures, per month, not less than 10,000 cases of Fever and Ague, one thousand of which have

resisted all other treatment; 4.500 cases of Bilious Fever ; 5,: 00 do of weakness and general debility; 2,500 do of various chronic diseases;

2,000 do of weak stomach and loss of appetite; 800 do of Dyspepsia; 1,200 do of Rheumatism; 1,060 do of Female complaints;

1.200 do of Ague Cake, or Enlarged Spleen; 1,500 do of Liver Complaint;

500 do of Scarlet Fever;

400 do of Typhus Fever; 300 do of Putrid Sore Throat

the tonic pills will never forsake them.

This must appear almost incredible, but the numerous letters from physicians, agents, and those who use the medicine, from all the western and southern States, satisfy us that this is a moderate estimate, and that our medicine is rapidly taking the piace of the various sugar-coated counterfeits which are affoat, and the numerous tonic mixtures, made wholly of quinine, which are imposed upon the public by manufacturers who live, nobady knows where! Dr. Bragg's famous Sugar Coated Indian Queen Vegerable Pills are of two sinds-the Cathartic and Tonic. The Tonic pills are peculiarly adapted to the quick and permanent cure of Fever and Ague, tornor of the Liver, and general debility. It is in Fever and Ague, Chill Fever, &c., that they achieve their greatest triumphs. It rarely requires over twelve hours; or more than half a box of the tonic pel's, to break the chi lis and effect a permanent curewhich is rarely the case with the ionic mixtures of quinine, hawk ed about the country by ignorant pretenders. Those who take

Who can wonder, then, that a medicine of such extensive popularity, and extraordinary virtues should cause Great excitem at among the Doctors! The prejudices of physicians against their use are at last giving way to the play of reason, and the convictions of every-day experience which they derive from their patients and friends who
